

## Medicare

Communicating parties	Communication Method	Example	HCPCS/CPT Code	CPT descriptor	Modifier Required Medicare GQ; Private Payer 95	Place Of Service Code
<b>Telecommunication Triage (virtual check-in)</b>						
Established patient initiated with the physician or non physician clinician	Synchronous telecommunication	The dermatologist triages a patient initiated online, real-time, audio-video, two-way communication to determine if an in-office visit is necessary.	<b>G2012</b>	Brief communication technology-based service e.g., virtual check-in, by a physician or other qualified healthcare professional who can report evaluation and management services, provided to an established patient, not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of medical discussion	N/A	02
<b>Non Face-to-Face (virtual)</b>						
Physician or non physician clinician and patient interaction	Synchronous teledermatology service The virtual encounter must be of an amount and nature that would be sufficient to meet the key components and/or requirements of the same service when rendered via a face-to-face interaction.	Online encounter initiated by a patient using real-time, audio-video, two-way communication with the dermatologist for reassurance regarding a seborrheic keratosis.	<b>99201-99215</b>	Office or other outpatient visit for the evaluation and management of a new or established patient	GQ	02
Established patient initiated with the physician or non physician clinician	<b>Asynchronous or store and forward technology*</b>	Patient submits an image of a lesion to the dermatologist via email or other electronic technology. Dermatologist reviews the image and responds to the patient with diagnosis and treatment plan.	<b>G2010</b>	Remote evaluation of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment	N/A	02
	Asynchronous or store and forward technology <b>Requires use of a HIPAA-compliant secure platform, (e.g., EHR portals, secure email, or other digital applications), which allows digital communication with the physician.*</b>	Patient submits an image of a lesion to the dermatologist via email or EHR portal. Dermatologist reviews the image and responds to the patient with diagnosis and treatment plan.	<b>99421</b>	Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 5-10 minutes	N/A	02
	<b>*During COVID-19 Public Health Emergency, this requirement is waived.</b>		<b>99422</b>	11-20 minutes	N/A	02
			<b>99423</b>	21 or more minutes	N/A	02

## Interprofessional Telephone/Internet/Electronic Health Record Consultations

Physician to physician	Telephone (verbal) <u>and</u> internet or electronic health record (EHR portal)	An internist contacts the dermatologist requesting a consultation for a patient being seen. The dermatologist communicates verbally with the internist and submits a written report to the requesting physician.	99446	Interprofessional telephone/Internet/electronic health record assessment and management service provided by a consultative physician, including a verbal and written report to the patient's treating/requesting physician or other qualified health care professional; 5-10 minutes of medical consultative discussion and review	N/A	11
			99447	11-20 minutes of medical consultative discussion and review	N/A	11
			99448	21-30 minutes of medical consultative discussion and review	N/A	11
			99449	31 minutes or more of medical consultative discussion and review	N/A	11
	Majority of the services is provided via Internet or EHR portal	An internist contacts the dermatologist requesting a consultation for a patient being seen. The dermatologist submits a written report to the requesting physician.	99451	Interprofessional telephone/Internet/electronic health record assessment and management service provided by a consultative physician, including a written report to the patient's treating/requesting physician or other qualified health care professional, 5 minutes or more of medical consultative time	N/A	11
Physician or non physician clinician	Telephone/internet/EHR portal	Dermatologist discusses options for immunosuppressive therapy for a skin disease with the patient's oncologist, who is treating the patient for an active malignancy.	99452	Interprofessional telephone/Internet/electronic health record referral service(s) provided by a treating/requesting physician or other qualified health care professional, 30 minutes	N/A	11

\*This code does not require use of a HIPAA-compliant secure platform,(e.g., EHR portals, secure email, or other digital applications).
